JAPS ARE ON OFFENSIVE IN

Enemy Able To Register Advances In China; Retreat Elsewhere

J. B. KRUEGER
Associated Press War Editor
Exactly two years after forcing humiliating surrender upon the efenders of the Philippines, fighting forces of Japan today found themselves on the offensive in only one of five theaters of war. But that offensive contained a

grave threat to China.

The enemy was engaged in many-pronged operation in China's rich north-east region. In Chung-king there was a feeling the operation had a grand objective: To knock China out of the war and remove it as a possible base for Al-lied attacks on Japan's home islands. The Japanese appeared to have won control of all but 40 miles of the Peiping-Hankow rail route and to have shifted their main effor to capturing Loyang, railway crossroad to the northwest. The seizure of this junction would fa-

cilitate a drive upon Chungking.

From the other four theaters
came reports of Allied success.

In India the British opened a general attack to clear the invaders from the Kohima area. Southeast Japanese were thrown out of important positions around that Alled base protecting the Assam-Bengal supply route to China and Burma.

Unless we do establish a national management of ulcer of the stompolicy immediately," said Sen. Elliender, Louisiana Democrat, "We ach may find ourselves owing our Al-lies at the end of the war instead of their owning us."
Ellender said he was "concerned"

about a senate appropriations committee report showing this country had put \$21.794.237.819 in goods and services to United Nations Al-lies while receiving only \$2,129,151,-000 in so-called "reverse lend-lease up to March 15 of this year.

Great Britain, he said the appropriations committee report showed, had accounted for slightly more than \$2,000,000,000 of the "reverse" payments, and Russia for about \$1,000,000 of the reciprocal

Ellender said he had learned Britain had charged up to "reverse" lend-lease the cost of conditioning old mansions used to house American troops.

Perhaps one feature of the causation is that the stomach juice is always higher in acidity than normal in these cases. The gastric secretion always contains a health: this is necessary for diges tion, breaking up the proteins in the preparatory stage of protein digestion. HAMMOND FOR PROBATE JUDGE

Reasons Why He Should Be Retained In Office

The Probate Judge is also Judge of the Juvenile Court. With juvenile delinquency increasing by leaps and bounds, our county demands the best talent available for this office. It requires a man who has raised a family and knows family problems. Judge Hamof our country.

He is recognized as one of the leading Juvenile Judges of Ohio. The Chief Justice of the Supreme Court selected and assigned him to preside over the Juvenile Court of Cuyahoga County, the leading Juvenile Court of Ohio and one of the best in the nation, in the absence of its Judge. The only vacation he took in 1943 was spent in that Court.

The State Department of Public Welfare and the Children's Code Commission of Ohio have called him to Columbus on many occa-

sions. They desired his advice and assistance in preparing legislation on youth and child-welfare problems. At their request he spent three days each week during the months of March, April, and May, 1943, with the Legislature. At the request of state departments and state organizations he has assisted with every youth and child - welfare problem that has been considered on a state-wide basis in the past eight-

COUNTY SAVES \$25,000.00 A YEAR

Judge Hammond and Judge Woodside of Youngstown, composed the sub-committee of two that drafted the present "Mental Code" of Ohio. Through the efforts of this committee the counties were relieved of the support and maintenance of patients in state institutions. This means a saving of about \$25,000 each year to our county. The best interest of his work required him to be away from the office frequently.

Judge Hammond has the training and experience demanded by these strenuous times. He practiced law from 1910 until entering the Probate Court. He is a profound student of human nature, the Bible, history and youth problems. His work in the Juvenile Court has received the highest commendation from the schools, churches and all other character build-

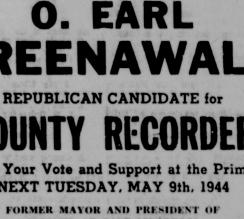

Judge Hammond has met the heavy increase in the work in such a manner that the receipts of the office have exceeded the expense. No tax money used in this office.

A Model is Murdered - BABS LEE

SYNOPSIS

Syria Verne, de luxe model, was the victim of a fatal bullet fired as she answered the telephone in her penthouse apartment to which she returned soon after midnight following a quarrel with Pierre Sturgis, art photographer. Argus Steele, author and erstwhile detective, is reconstructing the events of the evening before. He and his friend. Swank Penquin Club. During a brief absence of Ellen, Syria had brief absence of Ellen, Syria had entered and was greeted by Argus as an old friend, the ene-time Lucy Callahan who sang in the fearsome Dancer Martinelli's cafe. She told Argus that she had signed a Hollywood contract recently. Soon they were joined by Ellen and Pierre Sturgis. As Syria and Pierre are about to leave, the former asks Argus to phone her, adding in a hisper: "I may need your help." I'en told Argus that she had overheard "a sallow looking little man" threaten Syria outside the Pierre Sturgis studio, III, playboy, who introduces his current blende, Dorry. ORDINARILY, age brings certain privileges. One of the greatest of them, perhaps, is that of watching, from the sidelines, the growth and progress of our children's

Certainly one of the rewards of being a mother is becoming a grandmother-able to enjoy our sons' and daughters' children to the full, while leaving the responsibility for them in other hands.

The war, which has changed so many things, has changed this too. When the war took our sons-when it broke up our children's homes-it gave back to America's grandmothers responsibilities which we had passed on long ago. The privilege of growing older quietly has been denied the women of our generation while this war lasts.

For today, our grandchildren need our help. And it is in our power to give them greater help, perhaps, than any grandparents ever gave before.

We can give this help by buying War Bonds and Stamps -for our children's children. And no other single thing that we can do will help so much, or in so many different ways.

Every dollar put into War Bonds now does many allimportant jobs today-and will do many more in the

War Bonds can help to bring fighting fathers back to their families next year-the year after-as soon as possible. War Bonds can provide those families now with aid in case of illness or emergency. War Bonds can help assure an education for a boy whose father comes back crippled -or does not come back at all. War Bonds can help to guarantee a busy, prosperous America for our sons when they return-an America in which our grandsons can find all the opportunities they need to lead the fullest, happiest lives in all the world.

The Grandmothers' War Bond League is simply a way of recognizing and uniting the millions of American grandmothers who are today buying War Bonds and Stamps for their grandchildren. Every one who buys a Bond or Stamp in a grandchild's name automatically becomes a member.

Join the Grandmothers' War Bond League today!

The Grandmothers' League was founded by Mrs. George C. Marshall, wife of the Army Chief of Staff. It is not a formal club. It is simply a roll of honor which grandmothers automatically belong to when they buy bonds, or start stamp albums, for their grandchildren. Mrs. Marshall urges every grandmother in America to help the fighting men today . . . and their children tomorrow, by joining the Grandmothers' War Bond League.
